# CARMINE

Conceived in a style that blends the more casual elements of traditional with transitional design, Carmine makes a pleasing fashion statement for a broad range of spaces. It is made with split heart

White Oak veneers finished in a soft Latte finish. And while the mood speaks to simplicity, several subtle details weave throughout the collection in the form of bead moldings, framed panels, and gentle shaping. The finer details can also be found in the finish where hand burnishing adds a welcoming softness to the pieces.

Finally, custom hardware in a dark nickel finish lends a refined, transitional touch. From a functional standpoint, key features like soft close drawers and performance fabric on dining seating and the upholstered headboard give Carmine a family friendly benefit.

# CARMINE

## 151 Carmine

**White Oak Veneers with a Latte Finish, Dark Nickel hardware finish**

Carmine is made with split heart White Oak veneers finished in a soft Latte finish that blends casual elements of traditional with transitional design which is pleasing to a broad range of spaces

*Finishes ordered at different times are not guaranteed to match. Woods have grain and color variations due to growth patterns of each tree. The result is a beautiful and unique piece. Due to these variations, finishes on individual pieces are not guaranteed to match. The finish shown here has been reproduced as accurately as photographic and printing technologies allow. For the truest representation, please contact your American Drew dealer.*

## Care & Cleaning

**Care of fine finishes:** American Drew finishes are naturally resistant to minor everyday hazards and accidents; however, some precautions are necessary to maintain the beauty of your wood furniture.

- Dust with a soft clean cloth slightly moistened with water, and then dry completely with another clean cloth. Always rub in the direction of the wood grain.
- Avoid cigarettes, hot dishes, moisture and harsh solvents such as nail polish and alcohol.
- Do not place beverages directly on furniture.
- Use pads beneath accessories when writing or eating.
- Remove spills and smudges immediately.
- Pliable materials should not be left on a wood surface; they can damage the finish.
- Furniture should not be placed near heat, windows, or in direct sunlight.
