LENOX

In the unending evolution of design a seemingly minor detail can make all the difference. From fashions in apparel to trends in architecture there is a focus on refinement. The end result creates an atmosphere of elegant sophistication. Lenox by American Drew has just such a persona. Grain patterns of quartered and cathedral white oak make for a timeless character. While the light, alabaster finish creates a perfect context for custom, brushed gold hardware that compliments as if it were jewelry.

ALABASTER FINISH • OAK VENEER • BRASSY CHAMPAGNE METAL HARDWARE

Casually elegant, Lenox features quartered and straight cut white oak veneers in an Alabaster finish.

Finishes ordered at different times are not guaranteed to match. Woods have grain and color variations due to growth patterns of each tree. The result is a beautiful and unique piece. Due to these variations, finishes on individual pieces are not guaranteed to match. The finish shown here has been reproduced as accurately as photographic and printing technologies allow. For the truest representation, please contact your American Drew dealer.

Care & Cleaning

Care of fine finishes: American Drew finishes are naturally resistant to minor everyday hazards and accidents; however, some precautions are necessary to maintain the beauty of your wood furniture.

- Dust with a soft clean cloth slightly moistened with water, and then dry completely with another clean cloth. Always rub in the direction of the wood grain.
- Avoid cigarettes, hot dishes, moisture and harsh solvents such as nail polish and alcohol.
- Do not place beverages directly on furniture.
- Use pads beneath accessories when writing or eating.
- Remove spills and smudges immediately.
- Pliable materials should not be left on a wood surface; they can damage the finish.
- Furniture should not be placed near heat, windows, or in direct sunlight.
