# Litchfield

Beautiful yet practical, the Litchfield collection creates the ambiance of casual retreat. The collection features an artful mix of furniture inspired by pieces and materials ranging from quaint European villages to soothing seaside cottages. Regardless of locale, Litchfield is all about a lifestyle that appreciates a laid-back state of mind.

The collection features thick oak veneers in a driftwood finish against the soft texture of sun-washed paint. Metal elements along with accents of denim blue and natural, woven cane add to the personality. The variety of surfaces make Litchfield ideal for those seeking a relaxed, comfortable, lifestyle whether it be on the water's edge or in the midst of an otherwise bustling city. Key items like the Laurel Panel Bed can lead the style to a more cottage atmosphere while a bed like the Currituck with its natural, woven cane might be the perfect fit in a more coastal setting. Or if a clean, more flexible styling is the theme, then the elegant curve of the Hanover sleigh makes an excellent choice. Whatever the mood of the room, Litchfield is truly a classic for those looking to make their home a retreat.

## 750 LITCHFIELD

### THICK OAK VENEER, SELECT HARDWOODS, METAL ACCENTS & NATURAL CANE IN A BASKET WEAVE PATTERN

Litchfield combines unique materials to give a distinctive cottage feel. Turned feet, chamfered pilasters, ample storage, thick moldings and woven cane.

*Finishes ordered at different times are not guaranteed to match. Woods have grain and color variations due to growth patterns of each tree. The result is a beautiful and unique piece. Due to these variations, finishes on individual pieces are not guaranteed to match. The finish shown here has been reproduced as accurately as photographic and printing technologies allow. For the truest representation, please contact your American Drew dealer.*

### Care & Cleaning

**Care of fine finishes:** American Drew finishes are naturally resistant to minor everyday hazards and accidents; however, some precautions are necessary to maintain the beauty of your wood furniture.

- Dust with a soft clean cloth slightly moistened with water, and then dry completely with another clean cloth. Always rub in the direction of the wood grain.
- Avoid cigarettes, hot dishes, moisture and harsh solvents such as nail polish and alcohol.
- Do not place beverages directly on furniture.
- Use pads beneath accessories when writing or eating.
- Remove spills and smudges immediately.
- Pliable materials should not be left on a wood surface; they can damage the finish.
- Furniture should not be placed near heat, windows, or in direct sunlight.
