Vantage

Refined elegance best describes Vantage by American Drew. Influenced by the clean edges of the art deco movement, jewelry like touches finish off this traditional-transitional collection. Flowing, shaped lines give Vantage a romantic quality that seems missing from the crude styles in the marketplace today. The design artfully incorporates select, figured walnut veneers with bronzed Metal accents made from stainless steel. Each piece is capable of being the centerpiece; to be incorporated eclectically into a curated décor or mingled together in a cohesive collection.

Vantage fits beautifully into an emerging trend where timeless traditional character is met with a clean modern aesthetic. It marks a sort of renaissance for the traditional home with an understated sense of sophistication.

Vantage

929 VANTAGE

AMERICAN BLACK WALNUT VENEERS WITH AN AMARETTO FINISH

Vantage is made using highly selected, figured American Black Walnut veneers. It is finished in a smooth Amaretto tone that captures the natural character of the Walnut.

Finishes ordered at different times are not guaranteed to match. Woods have grain and color variations due to growth patterns of each tree. The result is a beautiful and unique piece. Due to these variations, finishes on individual pieces are not guaranteed to match. The finish shown here has been reproduced as accurately as photographic and printing technologies allow. For the truest representation, please contact your American Drew dealer.

Care & Cleaning

Care of fine finishes: American Drew finishes are naturally resistant to minor everyday hazards and accidents; however, some precautions are necessary to maintain the beauty of your wood furniture.

- Dust with a soft clean cloth slightly moistened with water, and then dry completely with another clean cloth. Always rub in the direction of the wood grain.
- Avoid cigarettes, hot dishes, moisture and harsh solvents such as nail polish and alcohol.
- Do not place beverages directly on furniture.
- Use pads beneath accessories when writing or eating.
- Remove spills and smudges immediately.
- Pliable materials should not be left on a wood surface; they can damage the finish.
- Furniture should not be placed near heat, windows, or in direct sunlight.
