WEST FORK

Inspired during excursions in the beautiful Montana Bitterroots, the West Fork collection reflects a laid-back, natural style and is designed for the consumer seeking a casual décor. West Fork layers textured surfaces with the character of Flat Cut Elm wood grain. Clean lines and careful attention to scale give these elements visual balance and provide the group with its own personality devoid of unnecessary embellishment.

The finish is an Aged Taupe where natural gray tones take on a monochromatic merging with the variations in the grain of the Flat Cut Elm. Hand-worn edges along each cabinet casually soften the lines while a concave detail in covered panels creates a unique style that avoids rigid classification. The result is a graceful balance of simplicity and originality.

WEST FORK

924 WEST FORK

FLAT CUT ELM VENEERS WITH AN AGED TAUPE FINISH

West Fork is made using Flat Cut Elm veneers and is finished in tone we call "Aged Taupe." Think of it as functional furniture with some modern personality mixed in.

Finishes ordered at different times are not guaranteed to match. Woods have grain and color variations due to growth patterns of each tree. The result is a beautiful and unique piece. Due to these variations, finishes on individual pieces are not guaranteed to match. The finish shown here has been reproduced as accurately as photographic and printing technologies allow. For the truest representation, please contact your American Drew dealer.

Care & Cleaning

Care of fine finishes: American Drew finishes are naturally resistant to minor everyday hazards and accidents; however, some precautions are necessary to maintain the beauty of your wood furniture.

- Dust with a soft clean cloth slightly moistened with water, and then dry completely with another clean cloth. Always rub in the direction of the wood grain.
- Avoid cigarettes, hot dishes, moisture and harsh solvents such as nail polish and alcohol.
- Do not place beverages directly on furniture.
- Use pads beneath accessories when writing or eating.
- Remove spills and smudges immediately.
- Pliable materials should not be left on a wood surface; they can damage the finish.
- Furniture should not be placed near heat, windows, or in direct sunlight.
