

The image features two modern, orange-upholstered chairs with dark wooden legs. The chairs are positioned in a row, with the one in the foreground being more prominent. The background is a solid, muted grey-blue. The text "Product News 2019" is overlaid in white, centered on the backrest of the foreground chair.

ARCIPELAGO Wood

Design by studio
"Baldanzi & Novelli Designers"

"One of the distinguishing features of an island is the natural protection. An island is a fortress, a castle in the middle of the sea. Here it is, our fortress in the archipelago. A space where you can rediscover a calm, reserved place where you can find concentration and privacy, a workplace protected from the surrounding space, where you can have meetings and work far away from the noise around you."

WIND

Design by studio "Baldanzi & Novelli Designers"

Chair family with ergonomic features, functionality and unique design to create more comfortable and productive workplace.

"The inspiration for this product was born from the desire to create a simple but very versatile chair. In addition, we felt the need to give this product a decisive character – an element defining its identity"
